Nexus is a Wireless Call System based around an Android display unit. It has been designed from ground up to be **Flexible, Easy to Program, Intuitive to Use** and **Competitively Priced**. Although installation is easy, Nexus is a professionally designed system with full functionality. Nexus follows the design guidelines incorporated in safety standards like UL (USA), EN (Europe) and HTM (UK) and as such is fully supervised to provide a reliable solution. By employing the latest LoRa technology, the wireless range can achieve distances of over 1 mile (1.5km).

Nexus Master Station

Touchscreen master station shows at a glance a list of active alarms. Nexus uses colour (Red / Amber / Yellow) to indicate the priority (importance) of an alarm. All calls are displayed in order of priority. This makes it easier for you to determine how serious an alarm is, and what response is required.

Product Name : NEXUS Nurse Call – Master Station

Product Code : NDP-21

Description : Rugged tablet work with Receiver Dongle DON-30 for Nexus software call system and Docking includes USB hub to allow interfacing with multiple components

Features:

- 10.1" Nexus Android Tablet PC with docking station
- Color Coded Display
- Audio Wireless Call Levels Indication
- Calls Display In Order Of Priority
- Event Log and Response Time Tracking
- Low Battery Alert
- Password Protected
- Smartphone app available with acknowledgement
- Must work with Rondish Dongle Receiver includes software license for Nexus

Technical Specifications

Operating frequency	: According to Dongle
Operating range	: According to Dongle
Power supply	: DC5V input, 2000mA
Dimensions	: 28 x 19 x 2,5 cm
Net weight	: 1,25 kg
Operating temp.	: 5°C to 40°C
Rel. humidity	: <90%
Battery life hours	: 4+ hours

Overdoor Indicator

Provides visual indication of calls made outside residents' rooms. A built-in optional sounder to provide local audible alarm.

The 'listen before talk' anti-collision technology and acknowledgement of calls ensures calls are received reliably while acting as a signal repeater.

Product Nama : NEXUS Nurse Call – Overdoor Indicator

Product Code : ILB-21

Description : Indication light provides a visual and audible alert for alarms inside the room

Features:

- Dual colored indication light for standard (Red) and bathroom (White) alarm events
- Buzzer with adjustable volume
- Long range wireless signal transmission to central monitor
- Memory capacity for 16 devices
- Battery back-up in case of power loss

Works with:

- WCP-11, WCP-11C
- DON-30 Receiver Dongle

Rondish Company Limited, Unit G, 4/F, Block 1, Kwai Tak Ind. Ctr, N.T., Hong Kong | www.rondish.com
